ST. MICHAEL'S COLLEGE SCHOOL ALUMNI ASSOCIATION 1515 BATHURST ST. TORONTO, ONTARIO. M5P 3H4

WE STAND ON THE SHOULDERS OF GIANTS

St. Michael's was founded to serve youth seeking a Catholic education. St. Mike's has never been associated exclusively with the wealthy, the middle class, or the poor. In fact, it has served students from the modest to the prominent, the wealthy to the impoverished.

I have been made aware that our fundraising effort has been making the case for St. Michael's College School as if we were one of the schools founded for the education and training of the Toronto establishment. If that is so, we have given the wrong impression. We want to be judged on the quality and the success of our academic program. St. Mike's will strive always to be academically elite, never financially nor socially elite.

It is true, we are a private school and we have had wealthy, generous, Catholic families in our midst. Nevertheless, St. Michael's prime educational goal did not and will not take note of wealth or poverty, but rather how the student functions as student. It was

the clear intention of the founders that the school be within the Catholic Academic Tradition, academically excellent and the best it could be in athletics. St. Mike's was never intended to be a Catholic school for the privileged.

This observation is not intended to detract from St. Michael's, nor to make a statement concerning the old established schools. There were as good reasons for their existence as there were for the founding of St. Michael's. I want to preserve the goals of the school which our founders and teachers left to us: a Catholic school striving for excellence; a modern school prepared to guide and comfort the young who come seeking Goodness, Discipline and Knowledge.

Last summer I visited the Basilian cemetery. As I walked from grave to grave, I could not help remembering the life and work of the men buried there. I was struck by their youth. I remembered their dedication to: their students, Priesthood, teaching, and their coaching. Those men were the heart and soul of St. Michael's College School. Their lives were dedicated to the education of the young. They did not count the hours, nor did they complain of the sacrifices asked of them. Literally, they gave their lives to St. Michael's. We will not forget them.

I have titled this article "WE STAND ON THE SHOULDERS OF GIANTS". The phrase is attributed to Bernard of Chartres, a 12th century scholar. It was his praise of the great saints and academics who influenced his life. He was grateful to his teachers because his work and his fame was dependent on their work and teaching.

Each of us received a St. Michael's education. In a real sense, we can say that we stand on the shoulders of those who taught us. Their training and the concepts which they bequeathed to us live with us. Their generosity demands that we, in imitation of them, be generous with the youth of our day.

St. Michael's needs your assistance. The present building is now forty-five years old and must be renovated to meet current building codes and be expanded to meet the needs of new programs. The school must enter the next century able to represent the best in Catholic Educational Philosophy and able to access information technologically.

The Basilian Fathers will continue their support of the school. They donate the salaries of the priests who teach or administer. They guarantee the annual operational deficit. This year that deficit will amount to \$1,400,000. They provide \$200,000 in bursary assistance to those who cannot pay all or part of the tuition. Recently, the Basilian Community pledged \$1,000,000 to **The Building Fund**. The remaining costs of renovation and building must come from Alumni, friends of St. Michael's, the interested public, and Foundations who wish to collaborate in the future of St. Michael's.

The Building Fund is now appealing to you to assist with the renewal of St. Michael's. Help fulfill the vision of our founders: an education which produces strong, competent men who care.

T.F. Mohan, C.S.B.
Principal, St. Michael's College School

The Building Fund

A New Century! A Renewed St. Mike's!

Call 416-653-GIVE

REVITALISING THE ALUMNI EXECUTIVE

It is almost one year now since I became the President of your Alumni Association. I accepted this role in order to carry on the necessary task of revitalizing the Association since our "re-birth" two years ago. In 1993, it was our aim to involve newer and younger alumni members to take over the many tasks that are required within a meaningful and active alumni association. We are slowly seeing the fruits of our endeavours. However, much more must be done.

Over the years St. Mike's has never cultivated the significance of an Alumni Body with their graduating classes. Personally, I did not know of the Alumni Association until many years after graduation. What is required is an Alumni awareness programme. This would commence in first year of enrollment, and continue through to graduation. Then, upon graduation, our young men will know and understand the significance of the association and will better appreciate how they can maintain their

ties to S.M.C.

With St. Mike's embarking on The Building Fund, it is paramount for our graduating Alumni to become major partners in this program. This is a necessity if we are to be successful in raising the required \$12,000,000.

Our accomplishments this past year are noteworthy. The Annual Turkey Roll in December netted \$5,000. Our Silent Auction, in conjunction with the Parent's Guild Annual Dinner/Dance, raised \$11,483. These funds went directly to The Building Fund. We cancelled the Car Draw this year due to the poor response received last year. We plan to bring back the Car Draw in the near future.

The Alumni Association has several events planned throughout the next year. There will be a celebrity Golf tournament held in 1996. The aim of this event is to generate funds for The Building Fund, and also to bring more publicity to the Building Fund project. Even though we have never attempted anything like this before, we feel that the time is right to do so. The Steering Committee for this event consists of Michael Duffy, Paul Thomson, Dick Duff, myself, and Dennis Caponi Jr. In order to generate interest for this upcoming event, we are inviting some of our well known N.H.L. Alumni grads and others to join us at this year's Annual Alumni Golf Tournament to be held at

LETTER FROM THE PRESIDENT

Carrying Place Golf and Country Club on Tuesday, June 27, 1995. Plan to attend this year, and learn how you can participate in the first S.M.C. Celebrity Golf Tournament.

In conclusion, I want to express my sincere appreciation and thanks to the many members of our Executive who have faithfully supported the association in carrying out the many tasks required this past year. Special recognition and thanks is given to those who faithfully gave their time and talents without hesitation, and at all times, for the benefit of the Alumni. (In alphabetical order) Michael Bonvivere, Al Brandstatter, Dr. Joe Cooney, Dennis Caponi Jr., Michael Duffy, Harry Flood, Don Goudy, Larry Kavanagh, Fr. Bill O'Brien, Carm Pirelli, Paul Thomson, Hub Teolis, and Michael Waud. See you at the Alumni Golf Tournament.

John Bonvivere, President ('95),
The S.M.C.S. Alumni
Association

THE BUILDING FUND TOPS ITS FIRST MILLION DOLLAR PLATEAU

Dear Fellow Alumnus:

In January of 1994, St. Michael's College School embarked on **The Building Fund** campaign. The purpose of **The Building Fund** is to provide the funds necessary to renovate, update, and expand St. Michael's in order that it might meet the educational challenges of the twenty-first century. Our goal is \$12,000,000.

The first twelve months have been spent learning how to raise funds and developing a plan of action. Our efforts have been concentrated on the St. Michael's College School family because we knew that you would be forgiving and helpful if we blundered. Our first targets were members of the Alumni Association, members of the Parent's Guild, the current student body, teachers, priests, staff, St. Michael's corporate friends and foundations, In Memoriam gifts and bequests.

January 1995 was the official start of **The Building Fund**. The first event announcing **The Building Fund** was the annual Parent's Guild Dinner/Dance on February 18th. The Parent's Guild and the Alumni Association pooled their efforts. The Guild handled the Dinner/Dance and the Alumni Association handled the Silent Auction. The evening featured The Honourable Sergio Marchi, Minister of Immigration bringing greetings from the Prime Minister to the four hundred people who attended.

The Dinner was a wonderful success. Ticket sales and the Silent Auction realized \$30,000 for **The Building Fund**. Anne Race, President of the Parent's Guild and John Boniviere, President of the Alumni Association along with their Executive Committees deserve a huge thank you for this successful evening.

For several months, groups have been promoting **The Building Fund** through letters, phone calls, and personal meetings. Most of you have been contacted, I am sure. I thank these volunteers for their diligence and devotion.

So what does all this effort mean to **The St. Michael's College School Building Fund**? I am happy to report that we have the first million dollars in donations and pledges. We still have a long way to go to reach our goal of twelve million. However, St. Michael's has never had a major fund-raising campaign. Many of us, for the first time since we left St. Mike's, are coming together to work for our school and to make a statement to the world "we want St. Michael's to remain at the forefront of the Canadian educational scene." We want it to be a significant source of goodness for the young in the twenty-first century.

To those individuals, families, corporations, and foundations, thank you for your support thus far. You have staked your claim as a St. Michael's partner. You are collaborating with a school whose goal is moral and academic excellence for youth.

Our dollar goal is still in the distance and so is our goal to have every graduate and every friend participating in the renewal of St. Michael's. Our Alumni mailing list includes five thousand current names and addresses. As of the printing of this issue, we have donations and pledges from four hundred of those names. We need every graduate and every friend to support St. Mike's, to say "thank you" for what they received and to provide an education in excellence for youth in the next century.

I invite everyone to be a part of this worthwhile project. Few opportunities are presented that offer a chance to leave something of significance to generations of young people and families of the next century. **The Building Fund** is one of those opportunities. The invitation is there for everyone to take part in a venture for youth that will last another hundred years.

This Blue Banner contains a pledge form. Pause for a moment and think of what a St. Michael's education has meant to your life or to your son's life. Fill it out today. We need all sizes of donations and pledges. Illustrate that St. Michael's has real meaning in your life and that you believe it important that St. Michael's remain vital. **DON'T GIVE UNTIL IT HURTS. GIVE UNTIL IT FEELS GOOD.**

Thank you,

Michael E. Duffy, President
The St. Michael's College School Building Fund

S.M.C. GREEN COUNCIL ARCHITECTURAL COMMITTEE

The students of St. Michael's College School have always shown themselves to be wonderful leaders in everything that they undertake. Their indomitable commitment to spirituality, academics, and athletics is indisputable. In recent years, the St. Michael's Green Council has distinguished itself as one of these leaders.

The Green Council is a student-run organization that is wholly committed to the preservation of our precious environment. Under the direction of Mr. Michael Quinn and President Greg Ponesse, the council addresses the main environmental issues that are encountered at St. Michael's. Working in concert with the administration, the Green Council has recently initiated the first composting program at the school. The students have also expanded the scope of the school's existing paper-recycling activities to include a full fledged recycling centre in the cafeteria. Apart from projects that are directed towards the school, the council is also involved with international organizations

such as Greenpeace.

In addition to these important endeavours, many students have expressed interest in the renovations and additions that are planned for the school building. The Green Council's main concern is the potential environmental impact of a project of this magnitude. As such, the Architectural committee was appointed to study the main ecological issues involved, along with the vast array of "environment friendly" products and techniques that could be utilized in the construction. After engaging in thorough research efforts, the committee has prepared a report that was recently presented at a meeting with Fr. Mohan, Mr. Michael Duffy, and his brother Mr. Paul Duffy.

The ultimate goal of the Green Council is to achieve a "super-insulated", self-sufficient school that is a prototype building of the future. Thus, the committee has suggested the possibility of alternative energy resources, such as active or passive solar energy, as well as reviewing some of the innovative insulation

techniques currently available. The benefits of recycled building materials and wood alternatives were also mentioned. The organizers expressed particular interest in the possibility of energy efficient windows. In fact, St. Michael's has already made a significant step in this area by installing double-glazed, argon-filled windows in the cafeteria and science wings. Another topic of interest was the possibility of using solar aquatics as part of an on-site sewage treatment program. A multitude of other possibilities for the school were analyzed.

It is imperative that the student body have some degree of input into any major project affecting the school. To this end, the Green Council hopes to continue its involvement with administration by making the sentiments of the students known. By investing in an "environment friendly" building, it is the Green Council's sincere hope that St. Michael's College School can demonstrate a strong commitment to its role as a steward of God's creation.

THE CASE FOR ST. MICHAEL'S SCHOOL IN THE TWENTY-FIRST CENTURY

In 1984, the Government of Ontario extended the jurisdiction of Catholic School Boards to include all elementary and secondary grades. The announcement was welcome news for Catholic Private High Schools hard pressed to meet the cost of education through tuition. St. Michael's College School elected to remain private. The Basilian Fathers had strong convictions concerning the religious, academic education offered at St. Michael's. It was the first Basilian School in North America and they wanted it to be Catholic, academically excellent and available to those who chose to attend. Since the founding of St. Michael's in 1852, the school has operated within the Catholic Academic Tradition. This tradition uses modern research procedures and teaching methods and uses the teachings of the Church and the Scriptures as legitimate resources. The Catholic Academic Tradition envisages the unity of all truth and recognizes an essential compatibility between faith and reason. St. Michael's College School relates Theology, Science, Geography, Literature, Mathematics, History, Economics and Art in a great synthesis of truth. The nature and the academic procedures of each area of study are respected. Theology is not compromised by Science nor is Science dictated to by Theology.

The men who founded St. Michael's were scholars. They vowed their lives to the Basilian Community, to St. Michael's and to their students. St. Michael's College School is preparing to enter the twenty-first century. The administration, the Basilian and lay staff are confident that the religious and academic principles that have guided this school for the last one hundred and forty-three years will serve well in the preparation and in the work of the school in the next century. Obviously, the challenge of the twenty-first century will be different than the challenge of eighteen fifty-two. The next century will be an Age of Information. St. Michael's must be prepared academically and technologically to relate to an unprecedented volume of current information. Once more, our religious and academic principles will guide us. Pedagogically, our new challenge and task will be to identify educational objectives that must be taught and distinguish these from objectives that must be learned through individual, student research. Students will need the research skills to use scholarly resources and the technological skills to contact pertinent information through print and computers.

The motto of the original Basilian Fathers, "TEACH ME GOODNESS, DISCIPLINE AND KNOWLEDGE", will direct the

development of St. Michael's.

The goodness of creation inspired our founders. They knew that creation reflected the Creator; that His goodness was at the very essence of things. They taught us the "Goodness was diffusive". Goodness could not be contained. Goodness was present in the school community and in all that we studied. Those men loved us and disciplined us so that goodness would be integrated into our lives; so that we would have the ability to relate the goodness of Science, Literature, Theology, Mathematics and Art in an understanding that is useful, an understanding that is knowledge. They knew that recognizing goodness wherever it was found would free us from mere fashion and error and allow us to use the knowledge which comes from understanding to enhance life to praise The Creator. This is and will be the constant task of St. Michael's School.

T.F. Mohan C.S.B.
3-23-95

A BASILIAN SCHOOL IN CALI COLOMBIA

The Basilian Fathers have now opened a school in Cali, Colombia. Basilian Missionaries have been in Cali for seven years. Their mission is situated on the periphery of an area containing 700,000 of the extreme poor. To date they have provided Mass, the Sacraments, home visitation, a medical clinic and an old age facility. Through schooling, the Basilians will empower the poor to escape

their poverty and to discover their human dignity in knowledge of themselves and creation.

The Alumni of St. Michael's are proud of those who carry the Basilian love of truth and learning to the poor of the world.

ODETTE SCHOLARSHIP AWARDED TO PETER STEPON- AITIS

Peter Steponaitis has been awarded the annual Louis L. Odette Scholarship in Business Administration, valued at \$4,500. Dr. Rein Peterson, Dean of Business Administration at the University of Windsor, has announced.

A top graduate of St. Michael's College High School, of Toronto, Mr. Steponaitis has entered the Honours Undergraduate Business Administration Program emphasizing international business relations and economics, through which he also intends to study German and Japanese languages.

As part of his studies at the University of Windsor, Mr. Steponaitis will further his interest in choral music. He is a member of the University Singers, directed by Richard Householder of the university's School of Music.

1995 UNIVERSITY SCHOLARSHIP OFFERS

Once again, the young men at St. Michael's College School are proving that they are among the finest young minds anywhere. The following is a list of students that have been accepted at some of the greatest Universities in the world.

Recent Scholarships and University offers of admission:

Dilworth, Mark - Dalhousie, Concordia, Bishops
Mark has not yet decided which offer to accept.

Farruggia, Brian - Lake Forest College (Illinois), Dalhousie, Bishops
Brian is undecided.

Gagne, Joel - St. Michael's College (Vermont)
Joel has accepted the offer of admission.

Gonzalez Lomas, Guillem - Princeton, Yale
Guillem has accepted Yale's offer.

Green, Evan - U.N.B., Acadia, St. Francis Xavier
Evan is as yet undecided.

Hykel, Rudi - Embry Riddell Aeronautical University (Florida)
Embry Riddell Aeronautical University (Arizona)
Rudi is in the process of visiting both campuses and will begin school in September.

Koh, Robert - Notre Dame, Colby College
Robert will be attending Colby on a hockey scholarship.

Mak, Tim - Macalester College (Minnesota)
Tim will attend Macalester on a golf scholarship.

McConnon, Paul - Cornell
Paul has decided to accept Cornell's offer.

Moore, Marcus - Cornell

Marcus is also on the waiting list at Dartmouth, Princeton, and Yale. Despite the many offers, Marcus may attend a Toronto University in order to fulfil his dream of playing for the Buzzers.

O'Connor, Ryan - Bishop's
Ryan has not yet decided.

O'Shea, D'Arcy - Union College
D'Arcy will be going to Union on a substantial hockey scholarship.

Rigg, Robert - Hamilton College
Robert will attend Hamilton on a sizeable hockey scholarship.

Scott, Kevin - Yale
Kevin will attend Yale. He has been reminded to bring his football cleats.

Suvagau, Serban - Pennsylvania

Szucs, Mark - Union College (New York)
Mark has been offered a substantial hockey scholarship package to attend Union.

Tinmouth, Mark - Trinity College (Connecticut), Mount Allison
Mark is still in the process of deciding.

Veneziano, David - Yale (W.L.), Princeton
David has been accepted to Princeton, and is on the waiting list at Yale. He has yet to decide.

1994 UNIVERSITY SCHOLARSHIP AWARDS

A number of the 1994 graduating class once again excelled in their academic achievements by being awarded several University entrance scholarships. The following is a list of awards that our graduates of 1994 received:

McMaster Entrance Scholarships
University of British Columbia Entrance Award
St. Michael's College (U. of T.) Christianity & Culture Award
St. Michael's College Admission Scholarships (4)
Lachlan Dales McKellar Admission Scholarship
University of Toronto Scholarship
Trinity College Admission Scholarship
York University Administrative Studies Entrance Award
York University Faculty of Fine Arts Award
York University Faculty of Arts Award
York University Faculty of Science Awards (2)
Odette Administrative Studies Scholarship

Congratulations to those students who received these awards. St. Michael's is proud of your accomplishments.

TOM MEEHAN - WORLD

CLASS DEBATER

Tom Meehan ('89) began his debating career during his years at St. Mike's. Since his graduation he has won numerous awards at University competitions in Canada and the United States. Tom has represented Canada three times in The World Debating Championships in Glasgow, Scotland, Trinity College, Dublin, Ireland and Oxford University, England. Tom was a finalist in the World Debates at Oxford University.

Tom Meehan will graduate in June with an M.A. in Political Science and History from Brock University

S.M.C.S. PERFORMS WELL ON

NATIONAL MATHEMATICS COMPETITIONS

St. Michael's Grade 9 students placed in the top 25% of students who wrote the University of Waterloo Pascal Mathematics Contest. The contest was written by 42,000 students across Canada.

St. Michael's Grade 10 students placed in the top 25% of students who wrote the University of Waterloo Cayley Mathematics Contest. The contest was written by 27,000 students across Canada.

<u>First Name</u>	<u>Last Name</u>	<u>Pascal</u>	<u>First Name</u>	<u>LastName</u>	<u>Cayley</u>
Paul	Scaini	106	Martin	Chodorek	112
Sean	Buckley	105	James	Ball	108
Francois	Roy	102	Adam	Mascherin	105
David	Doyle	99	Arron	Lee	103
Eric	Olaveson	98	Kevin	Desouza	102
Anthony	Powell	97	Richard	Perez	99
Chris	Jones	96	Peter	Defina	96
Dino	Mazza	95	Mark	Pawziuk	95

Stephen	Rypstra	92	Carmine	Casciato	94
Robert	Kotnowski	91	Phill	Soon	92
Gerald	Sheehan	91	Matthew	Carn	91
Wayne	Baici	89			

St. Michael's Grade 11 students placed in the top 25% of students who wrote the University of Fermat Mathamatics Contest. The contest was written by 34,000 students across Canada. The results of the Euclid and Descartes math contests have not yet arrived at the school.

ALEX TREBEK (OF JEOPARDY FAME) GOT HIS START WITH REACH FOR THE TOP

For over three decades Canada's best and brightest students have participated in Reach For The Top, a high school quiz program. Quiz categories run the gamut from literature to mathematics, chemistry, history, art, music, sport, and general knowledge.

St. Michael's College School teams have always been competi-

tive, respected, and feared in their matches. This year was more of the same, only doubly so. The St. Mike's "Blue Lights" 'A' team recently won the 16-team Toronto league for the second year in a row. They defeated their closest competition, a second St. Michael's entry, in the city semi-final. The 'A' team then eliminated North Toronto in

the league Championship, and has qualified for the 32-team Ontario Provincial playoffs at the University of Toronto.

All team members are in Grade 12 or 13, and all are honour students.

I am very proud of these fine young men, as is the entire St. Michael's community.

Pat Boland

A GIFT OF LITERATURE & MUSIC

St. Michael's College School Library and the Music Department were the recipients of a substantial collection of books and records donated by Paul Marshall (1960) and his family. The collections consisted of between 20,000 and 30,000 books and approximately 4,000 records along with stereo equipment and an assortment of musical instruments.

Mr. Marshall has had a varied life since leaving St. Michael's. He has been the Treasurer of Broadcast Music Inc., Financial Director of the Broadcasting

Corporation of the Bahamas, and a Consultant involved in the process of Inuit self-government in the Northwest Territories.

Most of all, Paul Marshall and his wife Jo-Anne are avid readers, and appreciate all types of good music. The Marshall's have one daughter and four sons, one of whom, Justin ('88), attended St. Michael's. During the period of time when Justin was attending the school, Paul Marshall was involved with the Parent's Guild. He was impressed with Father Matt Mulcahy's interest in expanding and

improving the school's library. It was during this time that he began to think about donating his collections to St. Michael's.

With Mr. & Mrs. Marshall's generous donation, our library has more than doubled in volume. This makes it essential that The Building Fund be a success, so that we may expand our existing library.

The administration of the school, Basilian Fathers, the staff and students are indebted to the Marshall Family for their generosity and support of St. Michael's.

GENEROUS SUPPORT

ST. MICHAEL'S OBSERVES REMEMBRANCE DAY...

Many alumni will recall how Remembrance Day, the 11th of November, was observed by a very short address on the morning announcements at 8:30 a.m. Thanks to the initiative of Fr. W. O'Brien, C.S.B., St. Michael's now honours Remembrance Day with due ceremony held in the gymnasium in the presence of the entire student body and teaching staff.

Last November, for the first time, we saw fitting wreathes laid, one provided by the school, and the other by the family of a former lay teacher, the late Mr. W. F. O'Brien, Canadian Artillery, WWI. It is to be hoped that other families and other groups within the school will wish to provide wreathes for the observation of Remembrance Days in the future.

...AND CELEBRATES THE 50TH ANNIVERSARY OF VE DAY

As the Blue Banner goes to press, we are still caught up with the media coverage of colourful ceremonies, particularly in Holland, celebrating the end of World War II in Europe. In recognition of the safe haven provided for Queen Juliana of Holland and her family when her country was overrun, Her Majesty graciously gave to Canada a splendid bouquet of many thousands of Dutch tulips.

Recalling this most imaginative expression of Queen Juliana's gratitude, the National Capital Commission invited all Canadian institutions to build their own **TULIP TRIBUTES** in honour of Canadians who died in World War II.

St. Michael's accepted the invitation by asking Fr. Zinger to work up a fitting tulip bed in our school quadrangle. At this site, VE Day was cele-

brated with a blessing and prayer for peace and for our own fallen, offered by Fr. Mohan, C.S.B.

In attendance at the brief ceremony were our school chaplains Frs. Volpe and Grasso, Mr. Michael Duffy and Mr. Paul Thomson, the executive of the Students's Council, and representatives of the home-rooms.

St. Michael's is particularly grateful to Mr. Al Labovitch who came to represent the General Wingate Branch (256) of the Royal Canadian Legion. The engraving of the memorial stones is a gift of the Smith Monument Company, Mr. Douglas King, President, of Weston, Ontario.

Fr. William O'Brien

ST. MICHAEL'S BUZZERS **THE 1994-95 SEASON IN REVIEW**

The 1994-95 season saw a game Buzzer squad make it to the Fullan Division Final only to bow out to the Division Leaders, the Caledon Canadians. Prior to that, the Buzzers had eliminated the 2nd place Aurora Eagles in 6 games in the semi-final series.

During the regular season, the Buzzers flirted with 1st place until mid-November, then settled down to a dog fight with Aurora for 2nd spot in the Division. The Buzzers fell a point short of the Eagles and settled for 3rd place with a 26-18-6 record. This was a slight improvement over last year's 25-19-6 performance.

J.C. Laroque, who came to the Buzzers in a trade in late November '94, led the team in scoring and finished in sixth position in the league. Bryan Kennedy led the team in goals scored, and Rob Koh led the Buzzers in penalty minutes.

The Buzzers placed 4 players: Rob Koh, D'Arcy O'Shea, J.C. Laroque, and Bryan Kennedy on this year's Fullan Division All Star Team.

At this writing, 6 Buzzers are off to U.S. schools in September. D'Arcy O'Shea, Mark Szucs, and Mark Will will join former Buzzers Craig Reckin and Andrew Will at Union College, a Division I school in the Eastern Collegiate Athletic Conference. Rob Rigg will be going to Hamilton College in Clinton, New York. Hamilton plays in the East Division of the ECAC. Rob Koh will be attending Colby College in Waterville, Maine, a school that also plays in the East Division of the ECAC. Scott Ludevics will be going to Mercyhurst College in Erie, Pennsylvania, a school that plays in the West Division of the ECAC. There is a good possibility that a number of other players will be heading to U.S. schools in September.

THE TRADITION LIVES ON: ST. MICHAEL'S & THE N.H.L.

Three former Buzzers made their debut in the N.H.L. this past season.

ROB COWIE: Rob was a student at St. Michael's for the 1985-86 school year & played for the Buzzers for 2 years. After receiving a scholarship to Northeastern University in Boston, Rob played in the minor systems of the Winnipeg Jets and the Hartford Whalers before signing as a free agent with Los Angeles last summer. Rob made his N.H.L. debut in early 1995 with the Kings.

KEN KLEE: Kenny was a student at St. Michael's in the late '80's, and was a teammate of Eric Lindros on the Buzzers 1988-89 Provincial Championship Team. After receiving a scholarship to Bowling Green University, where he played alongside former Buzzer Angelo Libertucci, Kenny was drafted by the Washington Capitals in 1990. After playing for their A.H.L. farm club for a few years, Kenny was called up to the Capitals in late February 1995.

BRETT LINDROS: Brett was a student at St. Michael's from 1989-92 and played for the Buzzers in 1991-92. Drafted by Kingston in the O.H.L., Brett played for the Frontenacs for two years, and also spent time with the National Team. He was drafted in the first round, 9th overall, by the New York Islanders in June 1994. Brett has been a regular with the Islanders this season.

A number of former Buzzers are rated in this year's upcoming N.H.L. draft. We wish them well.

RECREATIONAL HOCKEY **ST. MICHAEL'S OLDTIMERS HOCKEY CLUB**

S.M.C. Oldtimers are preparing for their 24th season of Alumni hockey at the arena. With face-off times at 5:30 p.m. on Mondays, and 5:45 p.m. on Wednesdays, the St. Mike's hockey-for-fun program is the longest running and most successful in the country.

Membership in the Oldtimers Hockey Club is open to any St. Michael's Alumni over 35 years of age. For a membership application, contact Frank Kielty at (416)231-6262 or John Ferrigan at (905)891-3325.

SKATE WITH THE STARS

The St. Michael's Buzzers' Fund Raiser in conjunction with the Heart & Stroke Fund and Mandrake Management Consultants Ltd., will take place at St. Michael's arena on Saturday, October 28, 1995.

This event is a great opportunity for students and Alumni to participate in a fun day. Some 30 former N.H.L. players, many of whom played at St. Michael's, will participate. Last year's participants included the likes of Darryl Sittler, Dave Keon, Frank Mahovlich, Jim McKenny, Rod Seiling, Dick Duff, Mike Walton, and Norm Ullman. These and many more will once again hit the ice in October.

There will be many prizes for participating students. Tickets and further details will be available in early September. Mark the date on your calendar!!

CROSS COUNTRY and TRACK AND FIELD TEAM REUNION

A reunion for Cross Country and Track team members is being planned for June. You are encouraged to contact former teammates and friends and to compare P.B.s! In addition, the first Cross Country and Track Hall of Fame members will be announced. There will be light refreshments and a cash bar.

OLD BOYS OF THE 50'S GET TOGETHER

For several years Ted Schmidt ('57) has called together a dedicated group of old boys for a mini reunion; usually at the end of December. Originally the gathering was comprised of local members of the class of 1957. However, in recent years it has expanded to include alumni from the other years as well. The afternoon event has been held at various locations over the years, but more recently the Balmy Beach Canoe Club has been the venue of choice. The time is spent in reminiscence, renewing old acquaintances, and basking in the glow of bygone days. These memories get even more glorious with repeat telling. The tall tales get taller, the last minute touch-downs and break-aways become more dramatic, and the teachers take on added dimensions of discipline or humour, depending on the event.

Some of this years attendees were: Paul and Jae Egan, Bob Pallante, Mike Draper, Harry Flood, Gerry and Jack Kockeray, Jack Martin, Pat Hannigan, a guy called the "Big M" Al Forrest, Ted Schmidt, Carl Brewer, Rev. Massey Lombardi, Bob Bell, John Pantales, Pat Freneau, Joe McNulty, and several others. A good time is always had by all those present. If anyone from the '50's wishes to attend in the future, please contact Ted Schmidt at (416)393-5545, Paul Egan at (905)822-7686, or Harry Flood at (416)869-3600 Ext. 257.

Harry Flood

THE CLASS OF 1942

Our third annual luncheon will be held on Wednesday, September 27, 1995. We will be in touch with all members of the class of '42 early in the summer. Please mark the date on your calendar.

Hub Teolis

IN MEMORIAM

On Monday, January 9th, 1995 Frank J. Ghionna ('54) passed away at the young age of 59. With his passing, St. Michael's lost a long time friend and supporter. Frank served the Alumni Executive in various capacities during the 1960's and 1970's, and was a Past President of our Association. Frank and his wife had four sons: Michael, David, Mark, and Paul; all of whom graduated from St. Michael's. Frank was a personal friend of many of the St. Michael's staff. One of Frank's close friends, Bill Reddall, wrote in the

Muskoka Today shortly after his death.

"Frank had dozens of friends. These were not acquaintances; these people were genuine friends. We're looking here at quite a personality, and he was certainly that. He had great strength of character, humour, trustworthiness,

Frank and his family will always be remembered in our prayers.

HUGH MCDUGALL IS RETIRING

After thirty-five years in education, Hugh McDougall is retiring. This event will be celebrated on Friday, June 16, 1995 with a dinner at the Weston Golf and Country Club.

Hugh's friends, colleagues, and former students are invited to renew acquaintances, reminisce, and convey to him the impact he has had on so many of their lives and careers.

The evening will begin at six o'clock, with dinner served at seven. The cost, including gift is \$60.00. Information regarding tickets and special seating arrangements can be obtained by contacting Diane or Elsie at Father John Redmond High School (416)393-5540.

If you are unable to attend, but would like to congratulate Hugh, please give him a call at (416)484-9698 or write to him at 49 Cameron Cres., Toronto, Ont., M4G 2A1.
